A Structural Engineering and Design Company

February 24, 2015

To whom it may concern:

In consideration of work experience through association with Pari & Gershon Incorporated and specifically with Ms. Romena Jonas, I am pleased to offer this formal letter of reference relevant to the overwhelming performance satisfaction received as a structural designer for several design/build construction projects.

Ms. Romena Jonas has brought knowledge, experience, integrity and a proven track record to our engineering design and construction projects. Ms. Jonas has been able to provide construction trades laborers, carpenters, electricians, painters to work on our projects as on needed basis.

The leadership at Betta Group, Inc., places trust and confidence in Pari & Gershon Incorporated to deliver a quality project on time and at a fair price. I highly recommend Ms. Jonas and Pari & Gershon Incorporated.

Best Regards,
