Mr. Ozgur Laopanich

Gateway Builders Construction

142 22<sup>nd</sup> Street

Brooklyn, NY 11232

It's been a pleasure working with Gateway Builders Construction on our project at 55 Broadway for 31<sup>st</sup> and 32<sup>nd</sup> Floors to renovate the office space. We elected to go with Gateway based on their existing work experience at the location coupled with recommendations from Building Management office.

Throughout the process, Gateway team has provided proper services, easily accessible, and committed to making sure our needs are met.

We are appreciated the Gateway team during the project to staying on time and on budget during construction.

Thank you.

Sincerely Yours,

For Bank of Communications Co., Ltd.,

Nancy Li

Senior Vice President

Administration Department
