Dear Mr. Banks:

The U.S. Army Security Assistance Command would like to take this opportunity to provide this letter of reference for Innovative Architectural Planners (IAP).

This Command recently employed IAPs' services to identify and assess options for replacing an aging leased building. The requirement called for a comprehensive evaluation of each option, including an assessment of one-time and recurring costs for each.

Your company provided outstanding support, employing impressive in-house and sub-contract personnel in the course of the project; therefore, IAP met all requirements of the contract and has delivered a valuable product upon which our future course of action will be based. We are very satisfied with IAPs' performance on this project.

Sincerely,

A handwritten signature in red ink, appearing to read "Russell E. Neydl".
