Dear Eddie and Jeff:

I want to thank you both for the years of service provided by Res/Com Solutions, LLC for my portfolio of buildings in Rockville and Gaithersburg Maryland. Whenever I have called you have answered, whether the job is a small damage repair request to the larger 20K square foot renovation project. In each instance you have responded quickly and efficiently, so that I knew the work would be done correctly the first time.

In my many years of experience I have never had a contractor be as prepared for the final project walkthrough. Your anticipation and correction of items in preparation of the turnover date was impressive as there were no needed items to be corrected after the users occupied the space.

It has been and continues to be a pleasure to work with a company of Res/Com Solutions, LLC caliber and I look forward to our continued relationship. I wish you success in all endeavors.

Sincerely,

Gary W. Robinson II
