

PLATINUM AWARD RECOGNIZES ROOFERS FOR THEIR DISTINGUISHED SERVICE

Seaman Corporation relies on thousands of people across the world to ensure that our products are sold and installed properly. For FiberTite Roofing Systems, this means that dozens of contractors and roofers across the United States are selling and installing our product in hundreds of different applications each year. But each year, a few roofing companies distinguish themselves from the rest by exceeding Seaman Corporation standards in sales volume, continuous service, quality of installation and professionalism in total project management.

We are honoring those who install FiberTite and are distinguishing them for their service. This year's recipients of the Platinum Contractor Certification Level Award are as follows:

- Al Miller & Sons** – Cathedral City, California
- B&L General** – Snellville, Georgia
- Bigham Taylor** – Hayward, California
- CFE** – Elmira, New York
- DC Taylor** – Phoenix, Arizona
- Decktight Roofing Services** – Fort Lauderdale, Florida
- Hicks Industrial Roofing** – New Philadelphia, Ohio
- Manson Roofing** – Bradenton, Florida
- Progressive Roofing** – Phoenix, Arizona
- Summit BSR** – Bristol, Tennessee
- Carolina Roofing** – Salisbury, North Carolina
- Sutter Roofing** – Sarasota, Florida

Jack Kaiser (L) and John Jordan (R) recently presented the Platinum Roofer Award to Mike Hicks of Hicks Industrial Roofing.
