I have had the opportunity to work with PRI for almost two decades. They have demonstrated their ability through a myriad of projects that include full property renovations, individual unit renovations, roof replacement and repairs, window replacement, mechanical and plumbing matters, insurance loss administration and negotiation, REAC preparation, emergency/disaster response, etc.

Perhaps as valuable as the work they perform is the expert consulting they bring to the table. This organization definitely thinks outside of the box and is well equipped to effectively deal with any project.

I have found the staff to be informative, reliable, and flexible. PRI will remain a staple to Residential One and its clients for decades to come.

Sincerely,

Tony Ross
