

To Whom It May Concern

It is my pleasure to recommend the services offered by Ever Morales through Ceiling Pro International.

Ever and his crew have performed outstanding work in our manufacturing facilities. Cleaning and painting.

CPI was very accommodating by working around our manufacturing schedule while cleaning the walls and ceilings of our buildings to like new appearance.

From the first visit of demonstrating their product to the completion of the cleaning project, Ever and his crew have been a pleasure to work with.

We are very pleased with the results and would recommend Ceiling Pro services to anyone in need of the services they provide.

If you have any further questions please do not hesitate to drop an email.
