To Whom It May Concern:

I would like to take a moment and recommend *Silva's Painting and General Services* for any painting or pressure washing project that a homeowner, business or government entity may have. They have a top-notch staff with years of experience, and the skill to complete even the most difficult tasks. No job is too big or too small for *Silva's*!

I've had the pleasure of having *Silva's* work on numerous projects for me over the last eight years, and they've never disappointed me one time. Deadlines are always kept and fees never exceed what was originally quoted. The quality of their work and professionalism are second to none. You know when you hire *Silva's Painting and General Services* that the job will be done right! Give them a shot, you'll be happy you did!

Sincerely,

A handwritten signature in black ink that reads "Chris Davis". The signature is written in a cursive, flowing style.
