**RE: Foggy Ridge Interiors
Reference**

To Whom It May Concern:

My family has owned and operated a commercial construction company for over 120 years. I am confident in saying that we know quality, craftsmanship and value. Hands down John Kauffman and his crew at Foggy Ridge are among the best interior contractors we have ever had the pleasure of working with.

I hired John to do complete the entire interior package of trim, doors and cabinetry for a major renovation we underwent at our home in Delaware. They installed detailed ceiling trim, scribed custom crown and base trim and furnished and installed custom cabinetry and doors. Every detail was perfect and the joinery was some of the most professional I have ever seen. Furthermore they had the utmost respect for our home and kept one of the cleanest jobsites I have ever seen.

I recommend Foggy Ridge to anyone that wants the very best for their next project. They most definitely will not be disappointed.

Sincerely,

John E. Healy IV
