Mach 1 Site Development, LLC
2151 Eatonton Road, Suite E5
Madison, GA 30650

RE: Pierce Terrace Elem School, Ft. Jackson, SC;
AFRC Building, Robins AFB, GA

To Whom It May Concern:

I am pleased to provide a reference letter for our friends at Mach 1 Site Development. Mach 1 is a preferred excavating and utility contractor and performed all mass excavation, site utilities, and erosion control measures for the New AFRC Building at Robins AFB and Pierce Terrace Elementary School at Ft. Jackson, SC with an extremely aggressive project schedules.

From our first meeting with members of the Mach 1 team through project completion, we could not have been happier with our selection. Mach 1 representatives were accessible, had a great work ethic and communicated with us and other trade contractors very well. Mach 1 prides themselves on have a clean and safe jobsite and paying close attention to the details of not only their scope of work but also the work that is around them.

Our experience using Mach 1 Site Development is excellent. We have the upmost confidence in their abilities and intend to use them in the future.

Sincerely,

A handwritten signature in black ink that reads 'Ryan Fuhler' in a cursive script.

Ryan Fuhler
Project Manager
