To Whom It May Concern:

This letter shall serve as my recommendation that Mach 1 Site Development, LLC be considered as a fully capable and competent contractor to perform all manner of site work. Mach 1 is currently working at the Stivers Subaru Phase 2 project in Decatur, GA, performing the earthwork, erosion control, clearing and grubbing, site demolition, etc. and is installing new storm drains, sanitary sewer lines, fire lines, etc.

Mach 1 has shown that they are very professional, perform their duties in a safe, efficient manner and do not accept sub-par workmanship. Their employees all wear their PPE and their equipment is well maintained.

I have no reservations on providing my recommendation that Mach 1 be considered for future work with your firm. Should you have any questions, please feel free to contact me at my office at 404-687-2726.

Regards,

Gary Valentine
Senior Land Development Inspector
DeKalb County, Georgia
