The Captain painter did such an amazing job for my Home office! I decided to change the colors in my office and use a red and black, which is not an easy thing to do. The colors are very hard to paint and to get right. I had this idea I had for long time, but it wasn't until I met Augusto and his team that I realized this can be accomplished! I couldn't be more happy and satisfied with the job they did. Everything looks amazing and I even had them do some other parts of my house with some of the same colors. Everyone compliments me on my office and game room! Thank you again and I recommend the Captain painter to everyone!

We had a flood in our house and had our baseboards pulled out along with giant chunks of our drywall. After the water was gone, we needed the baseboards and drywall replaced and painted.

The Captain Painter was prompt and quickly completed repairs and painting. We liked the work so much we had them do additional painting while they were at our house. I highly recommend them.

My Mom bought a home in Fort Lauderdale. The place needed some love and upgrades. The ceiling was old popcorn, the paint on the walls and doors was cheap, cracked and peeling. I hired Augusto Alagia from The Captain Painter to repaint the entire home. Within 3 days the house looked like a completely new home. The popcorn was gone, the cracks fixed, and the whole house was repainted with primer paint undercoat and premium paint on top. We decided to add floor baseboards too and finish them in high-gloss paint. It now looks amazing. The cleaned up everything too. I would recommend them highly.

The interior of my home was painted by Roger and Lucas of Captain Painter. I'd selected captain based on the high reviews. I am very pleased with the quality of work and professionalism. Roger and Lucas took great care to do a thorough and complete job. They used quality paint and were quick, efficient and respectful. Augustus the owner quoted a very fair price and I would unquestionably use them again. Thank you

I hired The Captain

Painter to pressure clean my roof and Seal and to paint my house. They have exceeded my expectations. Lucas was a pleasure to work with and made sure I was 100 percent happy each step of the way and of course the final result was an A-1 job that I am so happy with my house now looks like a model home. I would recommend The Captain Painter to anyone that needs their house painted inside or out as well as the roof; its a sure bet you will feel the same way I do

I highly recommend the Captain Painter for interior & exterior residential painting. The crew (John, Jesse & Ray) was fast, neat, professional and detail-oriented in painting my kids' rooms and changing the color of the outside of my home. There was no drama - they arrived on time every morning, took the time to protect against dust and actually finished the job early. I also appreciate that their office staff (Jessica & Vivienne) touched base with me regularly to see how things were going and to address any scheduling issues. I will be calling them again for our next paint job.

The captain painter has been outstanding to work with. As the owner of a home inspection company, it is very difficult to find contractors that meet my expectations. Carlos César, the project manager was truly amazing, sought to understand what I was looking for and why and Vilson Rocha was an artist in his ability to match the texture of my ceiling. I wish more contracting companies would imitate the professional and structure of The Captain Painter.

Lucas was the lead Captain Painter for our home's exterior paint job. We had an ugly paint job prior that was done by a friend of a friend of a friend as a favor. We were dying to have our house repainted but wanted to make sure we found the right company for the job. Someone reputable with experience and backs up their word with action. Some talk a good game but the Captain Painter backed it up. Great price and great finished product. Lucas made sure before he finished painting to take my fiancé for a walk through to make sure everything was up to her standards. I told the Captain Painter before we agreed to have them paint the house that their one real job was to make sure my fiancé was satisfied and they delivered. We'd highly recommend using the Captain Painter.

Our residence was painted Thanksgiving week by their excellent employee Jancer & his team of painters that worked tirelessly & efficiently. They were available to begin the work including pressure cleaning and preparation immediately. Once completed and inspected, Jessica in their office followed up to confirm satisfaction. Not a day passed that Jancer returned to touch up any concerns. Clean, quiet, professional, communicative and obviously proud of their work I highly recommend The Captain Painting Corp.

Additionally we hired The Captain Painter for our Chiropractic office which they began right after our home project. They were accommodating based on our patient schedule and hours. Sandro proved

to be another professional employee of this company. They hold high standards and paint to make it last! He also returned to touch up concerns.

Got The Captain name from a friend who had work done, the price estimates were more than fair, they came and did the trim around my house and then the cement decorative fence in the yard. They were polite, efficient and hard workers. If it hadn't been for some rain would have been finished in day and half with the pressure cleaning and all!

Jancor and his team were excellent, he even apologized for getting some paint on the grass!

I am having them come back after the holidays to paint the inside of the house!

Highly recommend!!

Look no further and call The Captain Painter for your next paint project!! I recently had my entire house painted by his crew. I was blown away by their services. The team was punctual, polite, trustworthy, meticulous, and always cheerful and willing to go the extra mile to make sure I was happy. They will NOT avoid your calls, procrastinate, or do a sloppy job like many other companies I have unfortunately been the victim of once I have put a deposit down. And the icing on the cake is that The Captain Painter takes NO MONEY UPFRONT until you are satisfied!! Call them and see for yourself the phenomenal work they do to transform your space into a happy colorful place!

And I'd like to specifically mention Lucas who worked on my home like it were his own. Lucas truly poured 110% of his energy and positivity towards my project. It is rare to find a stranger who cares so much!

If you are looking for the best painter in South Florida look no farther because you just found them. The owner, Augusto, is very honest and came to my place multiple times to make sure the contractors I had putting up my walls were doing it correctly so his guys could come in and paint. I have unfortunately learned that there are MANY dishonest contractors here in South Florida that will give you a price but then once they start the job they find "add ons" that weren't anticipated which jack up the price. Augusto does not do that and the price he quoted was very fair and was the exact amount I paid him at the end of the job. Hire this company and you will not regret it. High quality work at reasonable prices. Job well done guys, thank you

when you contract with a company to do a large job at your home, you can only hope that it goes as smoothly and professionally as it does with The Captain Painter. Daniel worked with me from start to finish to ensure not only that I got the best deal possible for them to paint the entire outside of my house, but that any additional work I needed done was taken care of quickly, and professionally, and with some of the best product. his team is clearly knowledgeable about what they do and it certainly shows in the finished product. My house doesn't only look like a brand new house, but the finest points were all taken care of by Daniel and his crew. I have full confidence in this team to use for years to come at my home, my friends houses, and my family. if you need any painting work done at your home, there is no other company to call other than this one. You truly do get the best

job around, for the best price. and, true to form, they would not accept one penny of payment until the job was completely done. These guys are absolutely amazing.

Daniel came out to my house and was extremely nice and did a very good job; he even cleaned up not only his mess but also mine when he finished. The room I needed painted was a little more extensive than just painting--it had peeling paint that was mostly peeled off already (by me) and when the painters came out and scraped the rest off, there ended up being holes in the wall, so they had to get drywall and fix the holes before they could paint--so it was pretty expensive (\$500 for one bedroom), but I guess with all the work that had to be done, that's to be expected. There is some paint on my baseboards, which is the reason for the four stars instead of five, but overall the room looks immensely better than it did before the painters came.

Edit: After talking to Augusto, the owner, he and Daniel contacted me and we discussed the issues. A painter promptly came out and fixed everything, and the room now looks great.

It's funny, if you read the reviews you quickly see how low the South Florida bar can be when it comes to ANY service provider (i.e. just being responsive and showing up on time are huge wins!) but my experience with Augusto and his team was truly great. Yes, he replied within minutes/hours; yes, he showed up on time for the estimate and provided it quickly; and yes, his workers showed up as expected and did a great job. I had a few minor questions about the final product and Augusto was very, very responsive - ultimately everything was done to my standards (and to budget) and we will 100% be using him for some exterior work once our re-roof is complete. I'll update this review accordingly after that...

Oct 2018 update: The team finished the exterior work and it was done quickly, on budget, and looks great. I can't stress enough how well they protected the property (windows, concrete, patio, etc.). Thank you guys!

What a job these guys did. I am never using anyone else again. We had our kid's rooms repainted, and their work compared to the old work is night and day! I really didn't know how good these rooms could look. And they left no residual paint splatter behind. In fact, they even cleaning off the residual paint splatter left on the closet doors by the first painter. I am very very happy with them and cannot recommend them enough.

Augusto and his team of painters are unlike any other painters I have used.

They SHOW UP ON TIME, they provide ACCURATE QUOTES, and They COMPLETE ALL WORK according to a mutually agreed upon schedule.

I am a Professional Realtor and I have used Augusto to help make ready more than 5 homes for sale and several for rent properties.

Time and time again, his work exceeds my expectations.

This time was no different.

I own a duplex and my tenants left after living there for 4 years. I called Augusto on Friday once the unit was vacant. He came on Saturday to take measurements and quote the job. On Monday his crew started painting.

No detail was missed and the job was completed by Thursday.

As an investor owner of real estate, Augusto's timeliness allowed me to put the unit back on the market and I rented the unit immediately.

Don't waste your time with unreliable tradesmen in South Florida! Take it from me, I am sick and tired of trying to work with most South Florida contractors. I met Augusto 3 years ago and I now sleep 100% better.

PS. Ask Augusto to share pictures of his wife and beautiful family. When you see the gleam in his eyes coupled with his professionalism, you will know he's the right painter for you.

Feel free to call me for any additional reference information.

My experiences were great with the Captain Painter. August came out and measured the spaces to be painted. He quickly provided an estimate on site, and thereafter, we began discussing start dates.

Augusto's team of painters were thorough, professional, and tidy. Specifically, Carlos Rocha and Klaber Soares, who ensured everything was done right and looked great! Those guys paid attention to all the details and made sure we were happy. If I need any paint work in the future, I won't hesitate to use the Captain again!
