RE: Baltimore Horseshoe Casino

Dear Mr. Hargrave,

Thank you for your service at the Horseshoe Casino. Mahogany's commitment to excellence was evident from the early stages of the concept of this undertaking through the final, very difficult days of the schedule.

Your understanding of the final product required to achieve the concepts desired by the owner, was an integral part of the success of the budget management. The skills of the craftsmen to achieve that concept were evident in the many eclectic themes that were present in the building. Managing the many deliveries of these multiple themes and overcoming the schedule challenges was no small feat. To walk through the building today and see the many beautiful themes, all in one location, gives me a feeling of pride. I can only imagine you feel this as well, knowing that these finishes that create the ambience, were the doing of you and your great people.

This Casino will serve as a benchmark for many years to come in Baltimore for the standard of excellent finishes and Mahogany should take great comfort in knowing that you delivered when the chips were down. I have the hope that we can have this same productive relationship going forward and I will not hesitate to call upon Mahogany in the future.

Sincerely,

THE WHITING-TURNER CONTRACTING COMPANY

DAVID M. HAHNER

**Re: UMBC Performing Arts & Humanities
Project**

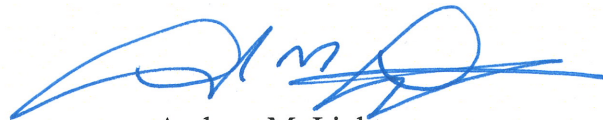

Dear Don,

The UMBC team and I wanted to thank you for Mahogany's efforts in building the UMBC Performing Arts Project. Between the red radius'd soffit panels with centered lights in the atrium; canted, curved, trapezoidal custom-stained panels in the Concert Hall; and the architect's requirement that every joint in the glass rail align with the joints of the wood panels, this project posed challenges that required a highly skilled millwork subcontractor. Mahogany met this challenge. Your field forces continuously coordinated with each trade to make sure all products were coordinated for a one-time, efficient installation. Your dedication to a quality installation contributed to the success of this project. That is why Whiting-Turner nominated and Mahogany won a craftsmanship award for this project.

Congratulations on a great project and we look forward to our future work together.

Very truly yours,

THE WHITING-TURNER CONTRACTING COMPANY

Andrew M. Light
Project Manager
