To Whom it may Concern:

As the President on All Pro Sound, Inc., I feel it is a privilege to write this letter of recommendation for Williams-Brown Construction Company.

In 2008 as our Company was expanding, we acquired Williams-Brown as the General Contractor to construct a new building to house our Fabrication Department. From the start to completion of our new facility, our experience with Williams-Brown was nothing less than superior. They were very easy to work with. We never felt pressure about any issues as they arose. They always took care of everything so we had no worries or concerns.

We greatly appreciated their excellence and professionalism and they in turn appreciated our business. I highly recommend Williams-Brown Construction Company and would certainly call on them again for our future construction needs.

Sincerely,

Bobby Taylor

President
