To Whom It May Concern,

I had the opportunity to work with Nidy Sports Construction on the Carrollwood Day School Athletic Field project which included the construction of a new 130,000 square foot artificial turf field for soccer, football and baseball. Nidy performed very well on this project and was instrumental in the successful completion of the field on a very tight site and a very aggressive schedule.

Nidy provided very competent project management and field personnel throughout the project and they worked well with us and other trades. They were very knowledgeable about their craft and offered valuable feedback and suggestions to help the project go smoothly and to help us save time on the project schedule. It was a pleasure working with the Nidy team and I look forward to the opportunity to work with them again in the future.

Regards,

Luke Johnson, Project Manager
