On behalf of the Beaver Valley River Response Task Force, I want to thank Richard Riley and Marion Hill Associates for the hard work and dedication with the building project. This project could not have been possible without the hard work of the Marion Hill Associates employees that supervised the project. The workers on site orchestrated the flawless transition which increases life to the existing building so that this project can continue to serve the community. We look forward to continuing this partnership and to make our communities a safer place.

Thank You,

James DeGori
