To Whom It May Concern,

My name is Jasun Smith and I work at a construction company in Cincinnati, as a Project Manager. It is my pleasure to write this letter of recommendation for Amanda Caldwell and staff at IDD.

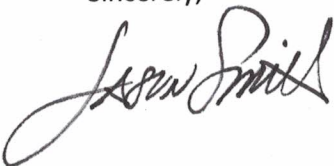

I have worked with Amanda on projects for about 10 years, but have started working with her directly at IDD for about 3 years. She and her staff has been a great asset to me. Getting building permits is not an easy thing to do. It is very time consuming and it can be downright frustrating to handle, especially in getting permits in other states where jurisdictions can be difficult.

Working with IDD has made my job easier to manage. I am able to get more work done on projects without the worry of getting a permit. Amanda and her team work diligently to take care of each job given to them. I am confident and that IDD will get the job done correctly and in a timely manner. IDD keeps me informed on the status of said permits and is able to handle any problems that may arise with ease.

I enjoy working with a team of people that have things under control. I can call IDD, talk to any staff member, and get the information needed. They are all aware of each project and are able to give me answers to any questions I may have. The staff is very friendly and informative.

In working with IDD, I am able to focus on other aspects of my job that need attention. I can say with the utmost confidence that with IDD's abilities, adaptability and dedication, they will work effectively to get the permit needed to start a project. I can always count on Amanda and IDD.

Sincerely,
