Dear T&G Roofing,

Thank you so much for getting my roof repaired in such a timely manner. Your crew braved the wild Florida summer repaired my roof, matched the tile color and left my yard clean. I was very pleased and confident to refer your company to my Brother-in-law for repairs to his roof also. It has been a long time since I have been so please with contracted work done to my home. I can't thank you enough!!

I discovering a leak in my tile roof in December of 2010, I had a roofer come out and do the repair. I was heavily overcharged and the work was messy. After warmer weather I interviewed several roofing companies and was immediately sold Jose took the time to walk me around the house and explain to me what the contractors did wrong, why I am getting leaks, and what he would do to make it right. The estimate was exceptionally reasonable and Jose and his crew were incredibly neat. I would walk the yard nightly in search of roofing nails to make sure my kids would not step on them. After 4 days of re-roofing my concrete tile roof, I was unable to find a single nail. I have a ten year warranty with annual well checks. Jose always answers the phone during business hours. Top state roofing and construction is hands down the best in the area and they do the work because they enjoy it, not because it's a paycheck. I highly recommend Jose and his company.

The Top State roofing was on time. They let me know what they would be doing, and provided the estimated time needed to do the job. They finished and cleaned up ahead of schedule, and let me know when they were ready for my inspection. They did a great job! If anybody asks, I know who to call for roof repair. Thanks Top State Roofing!!!

I do not write reviews often, but the guys at Top State Roofing and Construction went beyond what I expected. They answered the phone, they showed up on time, my yard was kept clean and safe and best of all my roof was completed just prior to the recent heavy rains. Not one problem!! I would highly recommend calling T&G Roofing. Great job guys, this teacher gives you an A+.

Jose responded to our request for an estimate within one days. Two weeks later Angel and his crew arrived as scheduled and completed the work within several hours. Three days later, Angel returned and replaced a broken tile that had been broken during the project. These guys are TERRIFIC!! We will DEFINITELY use them again!!

The company came free to give a bid for the work and they came on date scheduled and on time. Completed work very efficiently, cleaned up after themselves and did a great job. Very nice and respectful gentlemen! I would recommend them to anyone! .

Excellent job performed by this crew! My preferred roofing company after this was being recommended to me. I have them do our roof by installing a new shingle roofing in our home and they really did a fantastic job with it! We already hired them before for a previous roofing job at my parent's home and they were great! The roofers were professional and was easy to work with them. Free estimate and the rates were pretty decent as well
