Kris Manning  
North State Electrical Contractors  
11415 Sunrise Gold Circle, Suite 1  
Rancho Cordova, CA 95742

Dear Kris:

Thank you for including me in your clients to provide testimonials. Although, I have only done a handful of projects with North State Electrical Contractors I feel they a great partner to work with. Please feel free to quote this as a part of your marketing collateral.

**North State Electrical Contractors, Inc. is a valuable design build electrical partner. Recently, while working on a high profile design project with a limited budget and an aggressive project schedule, they assisted us in pushing out permit drawings to meet our schedule and came to the table with value engineering solutions that aided the project team in making the project work from a budget perspective. Their expertise and willingness to work through various design options for the benefit of providing the best value to our clients is to be accommodated.**

**Mark Alvarez Sr. Project Manager  
RMW architecture & interiors**

Sincerely,

Mark Alvarez
