Punctual, Quality and Reliable

Showed up 15 mins early, ready to go. Did not stop until the job was done and did a fantastic job at a reasonable price. We would highly recommend to anyone. Floor looks great!

Heaven-Sent Service

Summer camp and the start of the school year left our church with a tight schedule for floor maintenance, but Vince was very accommodating. He worked overtime to leave our floors in PRISTINE condition. Throughout the process he kept us informed with text messages. Our nursery school opened on-time and looked great. We highly recommend Vince to anyone who wants top-notch quality and service.

"FLOORED ME!!"

A huge shout out to this company! He saved our floors! Vince and his crew came when our church/school needed our tile floors cleaned and waxed. I had never, EVER, seen the floors look like this before. Even when they were brand new they never had the sparkle and shine they do now. They are superior to the other company that we used....big difference! Very polite service to boot!

Response from Vince Orlando Cleaning Services

Thank You it was our pleasure.

Garden State Fulfillment review for Orlando Cleaning

Orlando cleaning service has worked for me for over 20 years. Vince Orlando was one of a kind. A hard

working man who knew what the word customer meant. Vince and his staff always provided exceptional service and in a professional manner. If we needed something Vince was always the man you could count on. You also never knew when he might show up with cannoli's from Brooklyn. Vince sure understood the type of dedication and respect needed to do a cleaning service, and his staff provided the teamwork needed to get the job done. When Vince passed away there was not a dry eye in our office and warehouse. We were all a little nervous when Frank took over the business due to the fact he was filling mighty big shoes. Little did we know that apple did not fall far from the tree. Frank stepped in and gave us even better service, to honor his father. He worked hard to provide the same work level I had seen for years. The staff was always on time and the professional attitude I had always seen never missed a beat. I would recommend Orlando cleaning service to any company. I truly wish them all the success. Thank you Frank and staff.
