

DEPARTMENT OF THE ARMY

CERTIFICATE OF APPRECIATION

AWARDED TO

MICHAEL TROY

for your outstanding efforts in the planning and development of the Elevated Burn Facility. This state-of-the-art facility will allow operation of the Firefinder radars at temperatures simulating the environment in which they operate during deployment, producing a more reliable product for our Warfighters. Your dedication and individual expertise resulted in the timely completion of this facility and will enhance Tobyhanna's mission support of this critical weapon system. Your accomplishments reflect great credit upon you, Tobyhanna Army Depot and the U.S. Army. Team Tobyhanna - Excellence in Electronics!
