To Whom It May Concern:

I'm writing this letter on behalf of Georgia Fire Proofing. Our company recently completed a three-story addition for a local school system and Georgia Fire Proofing performed an excellent job for us. They completed all of their scope of work very professionally and in a timely manner. They also provided additional services that included helping with constructability and appropriate materials for work that was originally not in their scope. I consider Georgia Fire Proofing an excellent subcontractor and highly recommend them for a contractor's license in the State of Mississippi.

Please feel free to contact me if you need any further information.

Regards, Gary Goodman
