Blue Peaks Roofing LLC
RPI Registered Contractor CO-521
7345 South Pierce Street
Littleton, CO 80128
Email:

Attn: Andrew Ubben

Subject: Acceptance as RPI Registered Contractor, CO-521

Andrew:

We have recently added Blue Peaks Roofing, LLC to the RPI Registered Applicator Program. As RPI Registered Contractor CO-521, Blue Peaks Roofing, LLC will be able to offer RPI Labor and Material Warranties for RPI installations on commercial/industrial roofing projects. The expiration date of your registration corresponds with the expiration date of your Certificate of Insurance and must be renewed with an updated certificate on August 13, 2023. Thanks for choosing RPI products and participating in our Registered Applicator Program.

Along with your Registered Contractor Certificate, I have enclosed a Job Start Notification Form, a current Warranty Fee Schedule, and a Completion of Work Statement. Fill out and submit the Job Start Notification Form when applying for a Labor and Material Warranty. Submit the Completion of Work Statement when the installation is complete and RPI will schedule a inspection of the warranted installation. After any punch-list items are completed and the warranty fee is paid, RPI will provide the signed Labor and Material Warranties to Blue Peaks Roofing, LLC.

If you have any questions regarding our products or systems, feel free to contact me at 800-628-2957.

Regards,

Geoffrey Snyder
