

I am writing in reference to Luminos Global Lighting:

Luminos Global just completed a LED retrofit project at our 8650 Balboa Ave. location. The product use is of very high quality and we are pleased with the outcome. Rafael and Nissim worked tirelessly to ensure the project was completed on time. They were able to overcome several obstacles that threatened the projects timeline. Rafael and Nissim's focus to this project made me confident that it was in very capable hands. I would highly recommend Luminos Global due to the quality of the product and the dedication of Rafael and Nissim.
