EACH CHILD IS AN INDIVIDUAL OF GREAT WORTH

January 24, 2018

To whom it may concern,

I would like to give my personal recommendation for Luminos Global, they are a Chula Vista based LED Lighting company and I have had the pleasure to work directly with them in various lighting retrofit, conversion projects to upgrade our facilities' lighting needs. Through their proposals and communications, I have found them to be reliable, professional, and always kept the Chula Vista Elementary School District best interests in mind.

I have found that working with their staff has been seamless as they have been flexible and adaptive to our modifications on each project. Their products have delivered above our expectations and have made a significant impact in making our school's lighting systems more efficient and safe for our staff.

Please do not hesitate to contact me if you have any questions regarding the foregoing.

Best Regards,
