Dear Sir,

I am writing this letter to recommend the services of Luminos Global. During the past year our company requested your assistance and recommendations to provide a more efficient lighting system for our warehouse upgrade project.

The project that you worked on exemplified GDIT's concern for quality, safety and attention to detail. Your company designed the proper lighting configuration for our warehouse in a very timely manner. The response rate was clear and very proficient. In my opinion it has been the knowledge and the creativity of your company that resulted in such impressive results. ie. Reduction of power cost, quality of light fixtures provided and no maintenance required of the lights in the last year.

Luminos Global offers a high quality service. I would like to strongly recommend and ask any company to consider Luminos Global for any LED lighting needs. I can say that I GDIT is very satisfied by their work. I am looking forward to working with Luminos Global again for our future warehouse upgrades.

Sincerely,

Norman C. Parker
