Daniel Bowman
Site Pro, Inc.
50 Stripers Lane
Moneta, Virginia 24121

Dear Mr. Bowman,

I have been in construction for over 40 years, supervising many projects. I have been an engineer or superintendent on projects with a cost of up to 350 million dollars.

The work Site Pro did on the Max Kendall turning lane on Rt. 29 Wards Road is excellent.

I don't remember a time when a job was done with such attention to detail, professionalism, and done in a timely fashion.

Much obliged for a Great job!
