Re: Champion Plumbing

To Whom it May Concern:

I am writing this letter on behalf of Robert Johnson and Champion Plumbing. We have worked with Robert over the past 5 years on multiple projects, including single family homes and multifamily projects.

Our experience with Champion has been nothing less than exceptional. Robert goes the extra mile to ensure his work not only meets our schedule, but creates no impact to the other trades on the projects. Robert takes the time upfront to create detailed layout drawings and material lists for his crews. This upfront planning has reduced our install schedules by 30% over other plumbing contractors.

I would recommend Champion Plumbing without any hesitation for your upcoming projects. Please feel free to contact me with any questions.

Respectfully,
SOUTHSIDE CONSTRUCTORS, INC.
