

Testimonials

“I wanted to personally thank you for a job well done. We enjoyed our weekend so much enjoying our freshly painted house and BBQ area in the back yard. It really made a difference to the house. I am so very thankful to you for getting extra help to get the job done a day early. With small kids around it really helped more than you know. So thank you.”

“I just want to say a huge ‘Thank You!’ to the guys who painted my house yesterday. They were on time, professional, and immaculate with their preparation and clean up. My house looks better than it did new and I love the suggestion of using the 100% acrylic Evershield. What an enormous difference. Thank you all again for a super job. I will recommend you to my neighbors.”

“Clint and James came to our home to paint the exterior. This was an all-day project. Both men came up and greeted me in a friendly manner and gave me their names. We talked about what was to be done, then they proceeded to do an excellent job of painting my home. When the job was done, we did a walk around the house to see if everything was done to my liking. We found areas that needed touch up and they proceeded to fix everything right away. When they were done everything in and around the house were put back where it belonged and they also picked up all their trash and left the area as they found it. I would recommend your company to anyone who needs a paint job done.

“We called them and had their rep Mike come the next day for the estimate. He was prompt and courteous. Their estimate was great and we scheduled them for end of week. The crew showed up at the appointed time and

completed the job the same day. The job they did was fantastic, clean and no problems. The quality of their work is superior. We liked them so much we have them doing some interior paint jobs next month. Thanks Paint Kings.”

“Paint Kings sealed and stained my front and back porch posts, wood trim headers, vigas and large wood front door. The job went very well. I have used Paint Kings in the past for exterior painting and their work is very professional, reasonable and done in a timely manner. They did an outstanding job of restoring the wood after two other paint companies work done less than 2 years ago had faded and oxidized the wood. Eddie O’Hair, President, tested different stains and types of sanding to see how best to remove the faded stain from the wood before starting work. This was done quickly and professionally. The results of the staining were excellent and the wood looks outstanding and almost new.”

“Paint Kings arrived on time to assess the work. They provided a timely estimate that was VERY competitively priced. We made several changes in color selections as well as scope of job. They provided updated quotes immediately and seem to understand our indecisiveness! They arrived on time to perform the work. During the course of the work they were very professional, neat, and careful with the surroundings. The painting was TERRIFIC. Seams between colors were straight. Edging was incredible (around door handles and against cabinets). We will definitely use them again. It was refreshing to work with a contractor that delivered the performance and service as promised.”

“Fairly big job. Cleaned & painted WALL and HOUSE. Very prompt, and efficient; the sales guy was very professional and the services were performed exactly as he promised. I live on approx 1 acre property. Most of it is walled. They cleaned, repaired and painted the wall and the entire one story house. However; the one story house is southwest style and has three levels so it is actually like painting a 2 story house. The price was surprisingly reasonable for the extent of the job done. Also VERY surprising was the schedule maintained by the painters, i.e. everything was started on time and finished on schedule. Excellent work and I would/will recommend them to others”

“We wanted to let you know how much we appreciated the courtesy and professionalism displayed by your two employees who painted our house in Green Valley. Upon finishing the job they asked us to check everything and even went into detail as to what they had done. You can be proud these two gentlemen represent your company. Please convey our thanks to these two “ambassadors” of your company. If I have occasion to make a referral to someone; I definitely will say “The Paint Kings”.

For your information, a couple of walkers stopped and told us how nice the house looked.”
