To whom it my concern:

It is with much enthusiasm that I am writing to recommend the services of the Digital Operations Services, (D.O.G.).

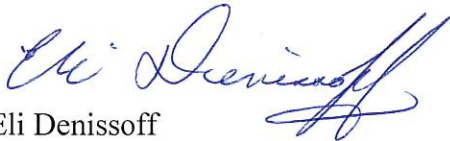

I have been using D.O.G. to run video and IT Cat6 cables for the past year, and have always been completely satisfied with their performance. They do an excellent job, are always punctual, and offer the most competitive rates.

We have also hired them on occasion for extra jobs, such as difficult large conduit installations.

They have been very reasonably priced, and always do exactly what we ask of them. They always leave an outstanding satisfaction with our customers when they complete their job.

I'm happy to recommend the services of D.O.G. If you have any questions, please feel free to contact me.

Sincerely,
