Gentlemen,

I wanted to take the opportunity to express our thanks and appreciation for a job well done on the Rio Salado on Thomas project.

We were impressed with your ability to assist us on very short notice. Providing us with an excellent value and completing the job with the workmanship that supports Copper State's esteemed reputation is all we could have hoped for.

We look forward to the opportunity to work with Mike, Dave, Scott and the entire Copper State Communications team on future endeavors.

Regards,
