Phoenix, AZ 85009

Scott,

I wanted to say thank you for the work that was done by Copper State and to give my praise to Wes and Lupe.

They were very good to work with. I am somewhat of a neat freak when it comes to this stuff. They did an awesome job in running the cable and getting the job done. Everything is very neat and clean. They were very pleasant to work with in the process, even though I told them the wrong conduit between the rooms, and I am sure that slowed them down a little, they did not complain at all.

The job looks great and I want you to know I appreciate your help in getting it done.

I certainly will give you a call when I run into other jobs that we need done.

Respectfully,

Marc
