

REWARDS-DRIVEN FLEET TRACKING BUILT FOR THE ENTERPRISE

GPS Solutions Fleet is a powerful, easy-to-use solution that helps businesses reduce costs, improve operations and build a culture centered on safety and performance. GPS Solutions shook up the fleet tracking industry with a better way of doing business, with the latest cloud-based technologies, easy-to-use interfaces and robust features at an amazing price. No punishing contracts or excessive costs and downtime for deployments.

Our focus on rewarding safe driving behavior is a game changer. No one likes to be tracked, but everyone likes to win. With GPS Solutions gamification and social sharing tools, your workforce competes to be the safest on the team. And when they complete, you win with fewer accidents and violations and lower risk.

From major enterprises to small businesses, thousands of organizations trust GPS Solutions for better performance and safer, more efficient fleet and service operations.

Tailored for the Unique Needs of Large Fleets

-  **Enterprise Features:** Hierarchical groupings of workers, vehicles and assets, role-based permissions, visual clusters on the live map, APIs for integration and more make monitoring large fleets a breeze.
-  **Customer Success:** GPS Solutions offers a dedicated Customer Success team for our large customers. They get involved from day one to ensure a successful deployment and ongoing satisfaction.
-  **Custom Reporting:** GPS Solutions provides custom reporting so you can get precisely the data you want the way you want to see it. Set up reports once and have them delivered to the right people automatically.

The Next Generation of Connected Vehicle Solutions

GPS Solutions is a leading connected vehicle platform, helping customers turn data about vehicles and their use into intelligence that improves operations and safety while reducing costs and risk.

We provide reliable end-to-end solutions for commercial fleets, government agencies, insurance companies and auto industry suppliers, encompassing hardware, the GPS Solutions One platform, SaaS applications, support and data analytics.

GPS Solutions is trusted by thousands of organizations, including:
