To whom it may concern,

Robert Honeycutt with RamPro Construction has asked that I write a letter of recommendation based on our professional association over the past year and a half. I must say that we've had nothing but exceptionally fine dealings with them. Deadlines were met, and the quality of his company's work has been superb. The few times we asked for changes, they were carried out quickly and cheerfully. It's possible that others have had similar experiences with RamPro Construction. Overall we are pleased with their work, and recommend RamPro Construction for any future projects you require.

Thank you,
