To Whom It May Concern:

J & M General Contracting has been providing superior services to Mid Valley Management's commercial properties for over 20 years. They are timely, professional and offer competitive pricing when it comes to all aspects of our commercial construction needs. From wind screens to awnings to interior/exterior painting, along with refurbishing our commercial rental units, we turn to J & M GCI and are not disappointed.

Occasionally, our tenants are on tight timelines for expanding their business, changing locations or having tenant improvements made to their existing location. We have come to rely on J & M GCI to accommodate all of these needs in order to keep our tenants happy.

J & M GCI have also provided emergency response teams to our locations for plumbing issues, electrical failures and acts of vandalism at all times, day or night. We have come to heavily rely on J & M GCI to be there in our time of need and have not been let down.

In close, J & M GCI and their professional team continues to be a pleasure to work with. I look forward to many more years partnering with J & M GCI.

Sincerely,

MID VALLEY MANAGEMENT
