

Testimonials

“We wish to express our thank you for the excellent work Tracy, Scott, and your crews did on replacing our roof. We were very pleased with the friendliness and politeness of each crew member. We appreciated how clean the teams left the work site not only at the end of the job, but at the end of each day. We particularly want to thank Scott for keeping a careful eye on the operation from the beginning to the end. It was a pleasure having your company replace our roof.”

“I have worked with the good folks at Diversified Roofing for over 8 years. They are without a doubt the best roofing company I have worked with in the Phoenix area (and I’ve worked with many of them). Their quality and timeliness is unmatched in the industry. I would recommend them to anyone in need of repairs or a new roof.”

“As an experienced jobsite superintendent, I have had the pleasure of working directly with the Staff at Diversified Roofing for more than 6 years. Namely Bob Brown and Jason. I have to say, they really run an efficient and tight operation, from communication all the way to customer service. They are reliable and show that they really do care about their schedules and most importantly, their completed work. The crews that work for Diversified Roofing are aware of the company’s high expectations and their site and final task shows it! I look forward to working closely with them for many years to come! Keep up the good work and GREAT attitudes! I would recommend Diversified Roofing to anyone who needs their services!”

“Diversified Roofing is a professional roofing company that has the people and experience to handle any job. Their attention to detail has allowed us to build a better home more affordably with less back-end cost. Before we built our first home using Diversified Roofing their field supervisor Bob Brown met me to discuss best practices. He wanted to eliminate mistakes and re-work to build a better product. I really appreciate the time they took to get it right before we even started.”

“This letter of recommendation is being sent due to my recent experience with Diversified Roofing. We called them when we learned that we had some roof problems on a home we were selling, as they were the roofers that had installed the original roof. From the very first conversation with Frances, it was a true 10++ experience. She was very attentive and arranged for someone to look at our roof almost immediately. Then, to make things even better, they were able to correct the minor problems within a couple of days. As a real estate professional, I work with many service providers. I can honestly say that I have never had an experience as

professional and positive as the one with Diversified Roofing. I am already recommending them to all of my agents AND I will definitely be spreading the word about the fantastic customer service they provide.”
