Rick Cain
Adams Signs
1100 Industrial Avenue, SW
PO Box 347
Massillon, Ohio 44648

Dear Rick,

Thank for your recent delivery of the dedication plaque for our new facility. And I apologize for the short notice, but again Adams Signs was able to meet our needs even with the short lead time.

Also please know our Franklin County Common Pleas Courthouse is again a recipient of another facility design award. That acknowledgement is also recognition in part for the role played by Adams Signs in the manufacture and installation of all the exterior and interior signage elements. That was a \$100 million project where your firm was also extremely responsive to the many charges and additions requested by the project team.

I hope we have an opportunity to work with Adams Signs on several additional projects we will be advancing in the next year.

Sincerely,

Jim Goodenow
Director
Franklin County Public Facilities Management
