

AMAD LOGISTICS, LLC
AIR • MARINE • DISTRIBUTION

February 19th, 2018

To whom it may concern:

The purpose of this letter is to confirm that Amad Logistics is an active user of TechnoIP's FONAX IP Phone Solutions.

We are pleased with their service and solutions and would recommend their services to any company that may need IT solutions of any kind, in particular to anything regarding to IP communications and networking.

TechnoIP's personnel has been very professional and responsive to any changes or requests we have had, helping Us in record time.

The two Fonax IP PBX solutions we bought are working as expected and interconnected in two of our offices, one in Miami Florida and the second one in Panama, both of which are also interconnected with a third party's phone system we have in El Salvador and Guatemala.

Do not hesitate to contact me if you have any other questions.

Sincerely,

Agustin G Mendoza
