RELIANT ROOFING IN THE NEWS

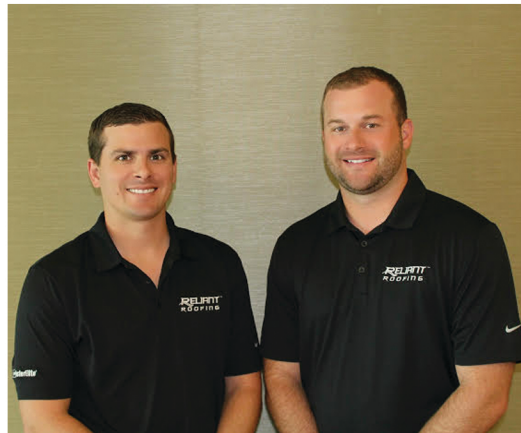

Jacksonville roofing company to build roofs for families in need

APRIL 13 2018

A Jacksonville roofing company is offering to build roofs for local families in need.

Reliant Roofing is providing three families in need with the roofs, and the company is now accepting nominations in their Every Shingle Heart initiative.

This is the second year the company is doing the initiative. Reliant Roofing is the same company that [helped a homeowner](#) get a roof fixed after an [Action News Jax investigation](#).
