

To Whom It May Concern:

We have had the privilege of working with JENCON on numerous construction projects over the past several years as a mechanical subcontractor. We have no reservations in recommending them as a general contractor to perspective clients. They have shown themselves to be knowledgeable in all facets of construction with a strong desire to meet or exceed their client's desires while maintaining cost and time consciousness. As a subcontractor, we appreciate their cooperation in working with us to meet our goals as well, to ensure a successful project. We have had no issues with receiving timely payments for our invoices or timely answers to our questions. They have also shown a willingness to listen to our recommendations as opportunities arise. We look forward to our continued association with JENCON. Please feel free to contact me directly if needed.

Thanks,

Stephen Little, President

Union Mechanical Service
