

THE UNIVERSITY OF
TENNESSEE
KNOXVILLE

January 10, 2020

To whom it may concern,

I am pleased to submit a letter of recommendation on behalf of Renascent Inc. We were fortunate to get to work with Renascent on three demolition projects, located on the University of Tennessee campus: the first was the demolition of the Apartment Residence Hall; the second, Humes Hall and lastly, Morrill Hall. The first two projects finished ahead of schedule and on budget, the last project is trending in that direction.

Renascent possesses the unique ability to manage personnel and projects that require substantial programming and preparation. Two of the sites were very tight with restricted grading, and coordination with daily student traffic on all four sides, which created several challenges. One of the other key challenges was maintaining and relocating site utilities, since the operation of a college campus has to be maintained year round.

All the challenges we presented to Renascent, they have been able to meet. The flexibility that they exhibit, really keep the projects on schedule and less stressful for the campus community. I would highly recommend Renascent, Inc. for any project that you want to end successfully.

Sincerely,

Rodney Combs
Assistant Director
