RE: Metro Nashville Davidson Criminal Justice Center Demolition

To Whom It May Concern:

This letter is in reference to the recently completed demolition of the Criminal Justice Center Complex in Nashville Tennessee. The existing CJC site was a four acre multi building complex with a three story post tension parking garage, three story structural steel Trial Lawyer's building, four story reinforced concrete police headquarters, a reinforced concrete 1000 bed 80' high 1000 bed detention facility and associated hardscape. The project was bordered by city courts in session and a multitude of other occupied buildings, all work was performed with minimal disruption to the public and surrounding business. Renascent's demolition plan in conjunction with their structural engineer's recommendations was very professional and followed throughout the 4.5 month demolition duration.

I would without reservation recommend Renascent and their team led by Josh Campbell for demolition work of any size or scope.

Sincerely,

A handwritten signature in blue ink that reads "Kevin Keller". The signature is fluid and cursive.

Kevin Keller
