To Whom It May Concern:

Empire Environmental retained the services of Safety Consulting & Compliance in June, 2015. Our initial meeting was with Greg Perricone and from the very beginning we realized that we made the correct choice. Greg was very knowledgeable and took the time to learn about our business in order to help us achieve the best safety practices for our mid-size business. I would recommend using Safety Consulting & Compliance for all your safety needs.

SCC's pricing is reasonable, they will take the time to learn about your business and work with you in achieving your safety goals.

Sincerely,

James Giustiniani
President
