Subject: Letter of Appreciation

Dear Mr. Banavar:

I would like to personally thank you for all of your efforts and time spent renovating Building 216 on Fort Belvoir for its new occupants who moved here under Base Realignment and Closure (BRAC) 2005. Your team's professionalism, desire to construct a quality project, and personal involvement made this renovation project a huge success.

QSSI's efforts throughout all of the trades were evident in a final product that is now the permanent home to 70 government professionals. The attention to detail and solid recommendations to improve the design enabled a 60-year old building to become a vibrant work environment for its new tenants.

Thank you for your continued construction efforts on Fort Belvoir and to your future endeavors. A job well done.

Sincerely,

A handwritten signature in black ink that reads "Mark G. Moffatt".
