Re: RWCR Letter of Recommendation/Testimonial

To Whom It May Concern, My name is Bobby Morefield and I currently hold the title of Director of Construction for WSS. WSS is a Los Angeles based shoe Retailer.

I had the pleasure of working with RWCR and Nash Peterson, owner of RWCR starting in the fall of 2018 for a project in Houston, TX. The project was a 13,000 SF new retail store. Project valuation was \$650,000.00. RWCR took an existing space and turned it into a beautiful new WSS shoe store. Nash brought the project in on time and under budget. Nash has since completed three other projects for us one of which a very complex structural steel framing façade of existing store front which came out exactly to plan.

Nash is still on our vendor list. I found that Nash showed the utmost in professionalism and customer service. Nash was very responsive and very cost effective for me delivering these projects. I would recommend RWCR to any retailer looking to open new stores. Feel free to contact me for any additional information.
