Re: Letter of Recommendation – Anthony Hunt Group Inc.

To Whom It May Concern,

I highly recommend Anthony Hunt Group Inc. (AHGI) for construction and final cleaning services. AHGI provided construction and final cleaning for our project: The Nine at Gainesville. The project was a student housing apartment complex in Gainesville, FL consisting of 425,000 square feet, 179 units, and 627 beds.

Due to an accelerated schedule and many site visits from ownership, this became a very demanding project with a lot urgent work on short notice. AHGI was very responsive to the needs of our project. They went out of their way to provide additional manpower and to work overtime, weekends, and holidays to ensure our needs were met. The worked tirelessly to meet or exceed our expectations.

We appreciate the working relationship AHGI has cultivated with ARCO Murray, and we look forward to doing business with them in the future. I strongly recommend you consider working with Anthony Hunt Group Inc. on your next project.

Respectfully,

ARCO Murray Construction Company

James Lloyd
