To Whom It May Concern:

During August 2012 and August 2013, the Genesee County Agricultural Society contracted with DM Burr Security for its security service needs at the Genesee County Fair. During this time, I have observed DM Burr Security to be a reliable, consistent, and committed company that takes great pride in every task.

It's always a pleasure to work with committed companies, like DM Burr, that understand the value of community involvement and service.

If you have any questions or concerns, please contact me at 810-687-0953.

Very truly,

Christian Miller
