

*To Whom It May Concern:*

*I am a Supervising Chief Engineer with CBRE. We utilized the services of Data Center Power Equipment in 2019 to remove a Generator, Interior AC units and Rooftop units. I have worked with many vendors in my tenure and would recommend DCPE to any property management company.*

*Data Center Power Equipment were safe, efficient and very courteous of current tenants. We really appreciated their professional personal on the job site as well as throughout the entire process.*

*If we need help with our assets in the future, we know we will call Data Center Power Equipment.*
