Subject: Fargo Electrical

Good Morning Alison,

Please. please re iterate to your team how much we appreciate everything the company did for

us. Honestly, for about a week now I have been trying to figure out how to put into words what your company did.

I come from a contractor background; I understand how this system works. I know if you aren't one of the "Good Ole Boys" you don't receive the attention necessary, or the skill necessary to complete or correctly do a job.

However with your company, from the moment our manager reached out to you, you went above and beyond.

This is more than anyone would have expected from any company. You have a customer for life. Thank you!

How far does your company go? We have apartments in Everett (you know) through to Olympia and commercial properties in Kitsap and Olympia.

Thank you for your help!

Ashley Olson
