Subject: Horizon Square Electrical

Alison,

I would like to reiterate Ashley's comments with the utmost gratitude and respect for your

company. Oftentimes we get pushed to the back of the list or over charged due to being an apartment company; however, your company went above and beyond. Not only were you willing to come out on a Friday, but the communication and professionalism of the group was above expectations.

Again, thank you and you are our number one electrical team to call.

Terri Loibl-Wilson
